Merry Christmas from Our Team

We would like to take the opportunity to introduce you to some of the members of our team who come together on a monthly basis to update their knowledge and skills so that you receive the best possible care. Merry Christmas from everyone.

COVID Update

Even though there are very few cases of COVID in South Australia, Saint Hilarion continues to train our staff on how to prevent the spread of COVID. Therefore, you can be sure that we are providing the best possible service to you and your loved ones.

A Physiotherapist That Comes to You!

We are delighted to say that we can now offer regular physiotherapy services in your own home. No need to drive, organise a lift with a friend or family, or take a taxi. Our experienced physiotherapists will come to you. Importantly, this means that in addition to providing expert treatment, they can also give you hints and tips that help you to exercise at home without the need for expensive equipment or alternations. If you are interested in this service, please don't hesitate to ring us on 8409 1500 and ask for Community Care.
