

Dear Residents, Relatives and Friends,

While January is usually a slow month for many organisations, I am finding out that is not always the case in aged care. Already this year we have had some excellent results from the January full accreditation by the Aged Care Quality Commission and in a similar vein, passed our food safety audits for both sites with flying colours. Thank you to the Residents and Relatives who agreed to participate. The rest of the year will now be dedicated to continuing to further improve the services we provide.

Dr Carol Davy

Out and About Despite the Weather and COVID

Even though the weather is not always the best and we still need to ensure social distancing, I am pleased to say that regular bus trips are still happening. And..... I believe that a luncheon out is also being planned for the not-too-distant future. Stay tuned for more information.

Fresh Organic Fruit and Veg Anyone?

Everyone is continuing to enjoy the fresh fruit and vegetables from our organic garden. This month the peaches have been wonderful, simply dripping with juice. I hear that people at Villa Saint Hilarion are also loving the zucchinis fresh from the garden. A big thank you to Peter who is about to plant our next crop ready for the coming season.

Australia Day for Us Was a Multi-Cultural Event

Australia Day at Saint Hilarion was definitely a time for everyone to come together and celebrate being able to live in such a wonderful and safe country. The flags were flying, drinks and food were a plenty and everyone joined the celebrations in their own very special way.

Saint Hilarion at the Central Markets

If anyone has been at Saint Hilarion when Zeppoli was being served, you will understand why this stall as part of the Australia Day in the Market Event was so popular. Wonder if you can spot one of our much-loved Leisure and Lifestyle staff who is know to all as one of the wonderful Zeppoli makers.

Our Famous Rose Grower

While most people find it difficult to grow roses, Mr David Wannan who calls Villa St Hilarion home has every right to be very proud of his rose plant "ROSA CHAMELEON". These roses change colour and it is obvious that Mr Wannan attends to them with lots of love and care. Well done.

COVID-19 Vaccine Rollout Information

While we are yet to find out specific dates and times for when the vaccination will be available to South Australian Aged Care Facilities, we do know that Residents and Staff will be first in line to receive the vaccination. Following is some recently released information from the Commonwealth.
